To whom it may concern

It is my pleasure to recommend the services of Kaleidoscope Copywriting & Translations Ltd.

A few years ago at my former job I collaborated with Kaleidoscope, who wrote our company catalog. The results were excellent and the working relationship was so productive that when I moved to Trusteer, Kaleidoscope immediately came to mind when we were looking for a company to supply translations in several languages. We hired Kaleidoscope to translate our many brochures, datasheets, presentations, website pages and white papers in languages such as Japanese, Spanish, Portuguese, French, German, Dutch, and Russian.

Kaleidoscope is a unique company in that all my language needs can be met in one office. In addition, their service is truly outstanding and their willingness to go the extra mile and deliver results on time is noteworthy.

One of our recent challenges was a launch event in Japan that meant that deadlines were extremely tight and there were a lot of materials that needed urgent translation on a daily basis. We met those challenges with the help of Kaleidoscope who were a true partner who could always be relied on.

I would like to thank CEO Mandi who is always on hand to assist in any way necessary and I would also like to thank the entire Kaleidoscope team for their professional service.

I am happy to recommend Kaleidoscope for any translation and copywriting project. Please do not hesitate to contact me if you require more detailed information.
